## EAFA PUBLIC ART UPDATES DECEMBER 2019

EAFA looks forward to extending the Public Art Program at the new East Tower of the Overlake Hospital that will open in 2020. On December 2, 2019, Laura Grover, EAFA Public Art Coordinator and Dolores Marquez, EAFA venue manager met Tom DeBord, the Overlake Chief Operating Officer at the placing of the last steel beam hosting atop of the new building. EAFA Public Art Program participates in the Healing Art Program at Overlake Hospital. Original artwork created by EAFA's Public Art members is displayed for the enjoyment of the patients, visitors, and medical staff. The artwork is changed on a quarterly basis and is also available for purchase. We extend an invitation to you to join the Public Art Program and display your art at the hospital and other venues around the city.

The Public Art Program is a volunteer interest group within EAFA. The program provides appreciation and enjoyment of art to public and private audiences. It also gives opportunities to participating artists to exhibit and sell their artwork at several public and private venues. Our participant's works include collage, abstract and representational art in a variety of media and subjects. We welcome new members into our Public Art Program as we are always looking for new venues. Our Public Art Members are much appreciated and I want to thank all of them for being part of this group.
